PROFESSIONAL SUMMARY

BS Information Technology student (CGPA 3.80/4.0) with hands-on experience in **Python, Generative AI, Large Language Models (LLMs), data analysis**, and graphic design. Proven experience building Retrieval-Augmented Generation (RAG) pipelines, FastAPI microservices, and Streamlit data applications. Seeking an internship or entry-level role in AI, data science, or software development.

SKILLS

Programming Languages: Python, SQL

Data and Analytics: Pandas, NumPy, Data Analysis, Data Visualization, Plotly, Tableau, Excel

Generative AI: LangChain, Retrieval-Augmented Generation (RAG), Large Language Models (LLMs), Groq API, Llama 3, Prompt Engineering

Web and Backend: FastAPI, REST APIs, Streamlit, Supabase, Leaflet GIS, Selenium

AI Tools and Productivity: AI Tools Proficiency, AI-Assisted Development (coding, research, content creation, workflow automation)

Design Tools: Adobe Photoshop, Adobe Illustrator, Canva, UI/UX Design

WORK EXPERIENCE

Python + Generative AI and LangChain Intern | **Datheon (AI Systems and Automation Studio)** — **Oct 2026 – Nov 2026**

- Built modular AI agents and prompt chains using LangChain and the Groq API.
- Developed automated workflows that reduced manual data processing effort.

Volunteer Management Intern | **Alkhidmat Foundation Pakistan** — **Jun 2026 – Present**

- Coordinated welfare operations and volunteer teams for regional relief and community initiatives.
- Streamlined communication and operational records to speed up resource dispatch.

Generative AI Intern | **Borlo Labs** — **Mar 2026 – Apr 2026**

- Researched and prototyped Retrieval-Augmented Generation (RAG) pipelines for contextual knowledge retrieval.
- Developed backend microservices using FastAPI with structured response schemas.

Graphic Designer and Computer Operator Intern | **Digital Sindh Institute of Management and Technology** — **Oct 2024**

- Designed marketing campaigns, event banners, and social media visuals using Photoshop and Illustrator; managed administrative data workflows and digital assets.

PROJECTS

Raasta: Civic Issue Reporting and Mapping Platform — **React, TypeScript, Leaflet GIS, Supabase, Tailwind CSS**

- Developed a real-time platform, using AI-assisted development, where citizens can report local infrastructure issues with geographic coordinates.
- Implemented an interactive Leaflet map explorer, community upvoting, and an admin moderation dashboard.

WhatsApp Chat Analyzer — **Python, Streamlit, Pandas, Plotly, Regular Expressions**

- Built an analytics web app that processes exported Android and iOS chat files and extracts engagement statistics, activity heatmaps, emoji distributions, and word clouds.
- Deployed on Streamlit Cloud, parsing files dynamically without storing data on the server.

KashishBot: Conversational AI Chatbot — **Python, Groq API, Llama 3, Prompt Engineering**

- Built a fast streaming AI chatbot using Groq inference acceleration.
- Designed custom system prompts with context retention for task guidance.

EDUCATION

- **Bachelor of Science in Information Technology (BS IT)** | Government College University Hyderabad (GCUH) | 2024 – 2027 (Expected) | CGPA: 3.80 / 4.0

  Coursework: Data Structures and Algorithms, OOP, Database Management Systems, Software Engineering
- **Advanced Certification in Data Science and Artificial Intelligence** | Saylani Mass I.T. Training (S.M.I.T) | 2026 – Present
- **Diploma in Information Technology and Computer Operator** | Govt. Vocational Training Center (Girls), Qasimabad | 2024
- **Multimedia Graphic Design Course** | Benazir Bhutto Shaheed Youth Development Program (BBSYDP) | 2024

CERTIFICATIONS AND AWARDS

Hackathon 2026-2027 Certificate of Participation for Raasta, Denning Hyderabad Tech Gen Society @ DITE; **Data Analytics Job Simulation**, Deloitte Australia (Forage); **Pandas Data Analysis Certification**, Kaggle; **HCAI AI V4.0 Certification**, Huawei Academic Program.
